SUMMARY

Detail-oriented **Python Developer** with hands-on experience in **backend automation**, **file parsing**, and **application development**. Skilled in **Python**, **C**, **Django**, **SQL**, and building projects involving **algorithms**, **batch processing**, and **real-time validation**. Strong **problem-solving**, **debugging**, and **collaborative teamwork skills**, seeking to **contribute technical expertise to a high-impact development team**.

PROJECTS

Resume Screening System | Python

<https://github.com/vanasetti-charan/resume-screener-python>

- Developed an **automated Python tool** to parse and analyze PDF/DOCX resumes against job skill requirements.
- Implemented **PyPDF2** and **python-docx** for accurate data extraction.
- Created a **custom ranking algorithm** to score candidates based on keyword density and skill matching.
- Enabled **batch processing** for multiple resumes, significantly reducing manual evaluation time.
- Built robust **error-handling protocols** for reliable processing of diverse file formats.

Timed Python Quiz Application | Python

<https://github.com/vanasetti-charan/python-projects>

- Designed an **interactive CLI quiz** with time-based response validation.
- Applied **match-case statements**, modular programming, and custom exception handling.
- Strengthened **Python fundamentals**, debugging, and logical problem-solving skills.

EXPERIENCE

IoT & Embedded Systems Intern | Pragna Solutions – IoT VOX MOVE (Online)

Feb 2025 – May 2025

- Engineered a **voice-controlled smart wheelchair** using C programming for embedded hardware.
- Implemented **hands-free operation** via Google Assistant integration.
- Strengthened **debugging**, **logical problem-solving**, and **system integration skills**.

EDUCATION

Bachelor of Science (B.Sc) – Mathematics, Physics, Computer Science

Gayatri Vidya Parishad College for Degree & PG Courses (A) | 2022 – 2025

CGPA: 8.5/10

SKILLS

- **Programming Languages:** Python, C
- **Web Technologies:** HTML5, CSS3, JavaScript, Bootstrap
- **Backend Frameworks:** Django
- **Database:** SQL
- **Tools:** Git, GitHub (basic)
- **Soft Skills:** Analytical Problem Solving, Agile Learning, Teamwork

CERTIFICATIONS

- Python for Developers – Core Concepts
- C Language
- SQL Fundamentals Masterclass
